## **DETAILED ACTION**

### ***Oath/Declaration***

The reissue oath/declaration filed with this application is defective because it fails to identify at least one error which is relied upon to support the reissue application. The differences between the new claims and the original claims must be described. See 37 CFR 1.175(a)(1) and MPEP § 1414.

Claims 1-19 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect in the declaration is set forth in the discussion above in this Office action.

### ***Specification***

The abstract of the disclosure is objected to because the Certificate of Correction changes in the parent patent must be incorporated without underlining and bracketing. Correction is required. See MPEP § 608.01(b).

### ***Claim Objections***

Claims 10-19 are objected to because of the following informalities: the claims presented in the amendment of 23 December 2003 must be underlined. Appropriate correction is required.
